

BOARD OPPORTUNITY FUND APPLICATION

The UC Santa Cruz Foundation provides seed funds to initiate or support short-term campus projects through the Board Opportunity Fund (BOF), established in January 2008. The Foundation accepts proposals that allow faculty and staff to take advantage of unique opportunities to support a strategic project aligned with academic priorities. This may be an incentive for further fundraising or a vehicle for raising awareness and visibility for UC Santa Cruz.

Please complete this application. Feel free to indicate when something is not applicable, and provide information as appropriate for your project. The estimated review and approval time of a completed application may take up to 8 weeks.

All applications must have a Foundation Trustee Sponsor and be approved by academic senior leadership to be considered. If you already have a Foundation Trustee Sponsor for a project, please coordinate with him/her to submit the application. If you do not have a Foundation Trustee sponsor, complete your application and contact the Foundation for further assistance.

All funded applications are expected to submit to the Foundation a final written report and budget, within one year of funding. For further assistance, please contact the UC Santa Cruz Foundation office, at 831-459-4339 or email foundation@ucsc.edu.
